FOR IMMEDIATE RELEASE:

HCR ManorCare Presents 2010 Community Care Fund Grant Awards to York Area Nonprofits

YORK, Pa., December 20, 2010 – HCR ManorCare, a leading provider of short-term post-hospital rehabilitation, long-term care, assisted living, and home care and hospice, has presented the 2010 HCR ManorCare Community Care Fund grant awards to 20 community nonprofit organizations for their important work in the York area. Community Care Fund grant recipients were selected by a local funding committee comprising HCR ManorCare employees who live and work in York and the surrounding areas.

The grant awards event was held at the Jewish Community Center in York. A presentation was made by Joe Lubas, Administrator at ManorCare Health Services York North, and Melanie Maraugh, Grants Officer for HCR ManorCare Gives.

“Our purpose is to recognize and support those organizations in the communities we serve whose mission and actions show their care for our patients and their families and strive to improve their quality of life,” said Ms. Maraugh. “Through this funding initiative, we have the opportunity to support the organizations that partner with us to help our patients and residents, often with very limited financial resources.”

Twenty \$500 grants were awarded to support service programs, general operations and fundraising efforts for nonprofit organizations that meet the Community Care Fund’s mission. One grant recipient example is KPETS of Lancaster, an organization that provides pet therapy and animal-assisted therapy visits to all ManorCare Health

Services locations in York and the surrounding areas. A complete list of grant recipients can be found below.
