## Virginia Photographer to Show Work at Landis Homes

*Deb Laws-Landis, Creative Marketing Coordinator*

Dale D. Gehman, Grottoes, Virginia, will exhibit his photographs in Crossings Gallery beginning in February and continuing through April 2022.

“My interest in photography was piqued when I was a student at Hesston College, in Hesston, Kansas,” says Gehman. “I took classes in both photography and ceramics. My dream at that time was to become a potter at a historical museum.”

Gehman first moved to Lancaster County from the mid-west in 1988 to be the photographer at Eastern Mennonite Missions, Salunga, PA. He held that position for more than 16 years. As a freelance photographer for 40 years, Gehman has completed photography assignments for *Christianity Today*, *Farm and Ranch Living*, and *Country Woman*. His photos have been published in hundreds of magazines and newspapers around the globe. One of his favorite clients is the national publication *Anabaptist World*, known formerly as *Mennonite Weekly Review*.

He says, “My travels have taken me around the world, but Europe remains my favorite place to photograph.”

Gehman says his photography tends to be of a photojournalistic style. Some of his favorite subjects include Amish and Mennonites, sheep and nature. These subjects will be included in the exhibit.

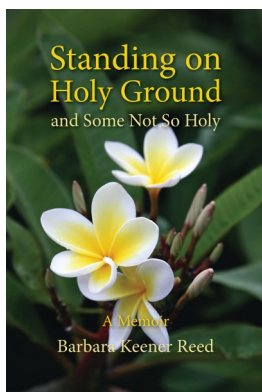

Gehman also enjoys video production. Since his recent retirement and move with his wife Kendra to Virginia, he has started a YouTube channel named *3 Generations*, highlighting the three generations in his family currently building a homestead together in the Shenandoah Valley.

*Visitors to the exhibit must be screened and masked to attend.*

## Life Enrichment

Janice Hess, RL Life Enrichment Coordinator

Anita Miller, RL Life Enrichment Assistant

### Barbara Reed Book Presentation

From humble beginnings on a Pennsylvania potato farm, Barbara Keener Reed ventured as a missionary to Islamic Somalia on the east coast of Africa.

*“Standing on Holy Ground - and Some Not So Holy”* gives testimony to God's amazing grace there and beyond, even through a near-death experience and a distressing emotional crisis. Her story recounts uncertainties, tragedies and experience as a mental health nurse, then holding the hand of her beloved husband through Alzheimer's Disease. Yet JOY triumphed! Please join us in the West Bethany Chapel or tune in to WLH-TV on Wednesday, February 23, at 3:30 p.m. as Barbara shares her book.

### Steven Barth Concert

Steven Barth is a singer and guitarist hailing from Reading, Pa. He enjoys playing a wide variety of songs from many different time periods including Bing Crosby, John Denver, Stephen Foster, The Beatles, Johnny Cash, and James Taylor. He brings the music alive by sharing stories about the songs and the artists who originally sang them. Join us on Friday, February 11, at 2:00 p.m. in the West Bethany Chapel, or tune in and watch on WLH-TV.

### Newlywed Game

Come to the West Bethany Chapel on Monday, February 14, at 2:00 p.m. for our very own game show here at Landis Homes! We will celebrate Valentine's Day by recreating our own version of the popular game show “The Newlywed Game”! Our game will recognize three Landis Homes couples who are not so newlywed! Emory & Idella Otto have been married for 54 years, Leonard Brunk & Anna Frederick have been married for 6 years, and Everett & Lee Myer have been married for 52 ½ years! Join the fun in person or tune in on WLH-TV!

### Strange & Fascinating Facts About All Of America's Presidents

Forty-five persons have held the office of President of the United States. On Presidents' Day Monday, February 21, 1:00 p.m., in West Bethany Chapel & WLH, Clair Wagner will share some fascinating facts about each of the presidents. Some facts are fascinating, others are strange, humorous, trivial, rarely known and intriguing, yet all of them true. On President's Day, learn something new to honor those who attained the highest office in our country.

### Polar Bears: Monarchs of the North

Tim Mateer, Wildlife Photographer, will be here on Friday, February 25, to present this fascinating program that looks at two populations of polar bears. One in the Svalbard Archipelago of Norway and another along the shores of the Hudson Bay in Canada where bears migrate through the town of Churchill, making it the “Polar Bear Capital of the World”. Important information is included about the lives of polar bears and the alarming toll that climate change is putting on the polar bear population. Audiences will come away from this presentation with a new appreciation for this magnificent giant of the North. Join us at 2:00 p.m. in the West Community Room! Everyone is welcome!

## Residential Living

### Book of the Month

*Rebekah Johnsen, Director of Residential Living*

*Recommendation by Polly Ann Brown, Landis Homes Climate Change/Creation Care Group*

In her book, *Ask the Beasts*, Catholic theologian Elizabeth Johnson points to Job, “that suffering man in the land of Uz”, who tells his friends to tap into a source of wisdom they ignore: *Ask the beasts and they will teach you; ask the plants of the earth and they will teach you; and the fish of the sea will declare to you. Who among these does not know that the hand of the Lord has done this? In his hand is the life of every living thing, and the breath of every human being. Job 12:7-9.*

By interrogating flora and fauna, we will be led to the overflowing goodness of the living God. Writes Johnson, “Once one understands that the community of life on Earth is God’s beloved creation and its ruination unspeakable sin, then [love in action] on behalf of ecojustice becomes an indivisible part of one’s life.”

We owe nothing less than this expression of love to the most vulnerable: refugees and migrants, communities of color, indigenous and forest-dwelling peoples, nomadic shepherds, poverty-stricken groups around the world especially women and children, who suffer disproportionately from the effects of climate change. It is not too late. The 2021 Intergovernmental Panel on Climate Change report indicates that some of the worst outcomes are still avoidable. Our action (or inaction) will determine the future course of climate – a future which our children and global neighbors will inhabit. Katharine Hayhoe, Christian climate scientist writes, “We must act so we can feel hopeful – not the other way around.”

This book can be found in the “Nature” section of the Landis Homes Library.

### Season of Lent

Lent is a solemn religious observance in the Christian liturgical calendar commemorating the 40 days Jesus spent fasting in the desert, according to the Gospels of Matthew, Mark and Luke, before beginning his public ministry, during which he endured temptation by Satan.

This season is observed in the Anglican, Eastern Orthodox, Lutheran, Methodist, Moravian, Oriental Orthodox, Reformed, United Protestant and Roman Catholic Churches. Some Anabaptist, Baptist and nondenominational Christian churches also observe Lent.

We will begin the Season of Lent on Ash Wednesday, March 2, during the morning West Bethany Chapel devotions at 8:15 a.m. led by Mary and Paul Zehr and will have ashes for anyone who desires.

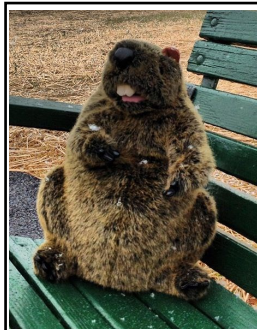

You are welcome to attend. The service will be rebroadcast as usual at 1:15 pm.

### Recycling Tip:

*Environmental Action Group*

Packing Materials like bubble wrap, shredded paper and styrofoam peanuts are accepted at any UPS store.

### Groundhog Day—Feb. 2

Landis Lou will once again be doing our annual local forecast. Will it be 6 more weeks of winter, or an early spring? What will Landis Lou's prediction be? Watch for the prediction on Facebook and WLH-TV!

## Remembering Our Peacock

Lauren Machowski, Communications & Marketing Manager

Landis Homes is sad to announce the passing of a very vocal member of our community. The male peacock, who has been on the Landis Homes campus for over 10 years, passed away on Wednesday, January 12. He was surrounded by his peacock “wife” and residents who cared deeply for him.

Many residents and team members remember Mr. Peacock by his loud “hellos” he would greet people by, or his pompous walk, showing off his magnificent tail feathers. Others may remember him and his mate by their adorable chicks they had a few years ago. Either way, he was a beautiful and welcome site on campus and will be greatly missed.

Mr. Peacock was remembered with a memorial service in mid-January, with many residents in attendance. A special prayer, *St. Francis Preaches to the Birds*, written by resident Ginny Hartman, was recited by Donna Mack Shenk and Anne Weaver, followed by a time of reciting favorite memories of the peacock. To close the ceremony, the song *All Things Bright and Beautiful* was sung by a chorus of residents and team members.

A memorial video for the peacock will be shown on Saturday, February 5, hourly 8:00 a.m.—2:00 p.m. on WLH-TV, and is available on the Landis Homes Facebook page and Resident Apps.

## Scene on Campus

### Pet Enhanced Therapy Services (KPETS) Comes to Landis Homes

Landis Homes is happy to announce that Keystone Pet Enhanced Therapy Services (KPETS) will be moving their offices to the campus of Landis Homes, beginning February 1, 2022.

KPETS, founded in 2003, by Karen Gerth, is designed to provide volunteer teams of humans and animals to promote well-being by sharing the power of human-animal interactions. Their more than 300 volunteer teams provide thousands of hours yearly at no cost to hundreds of locations in South Central PA and Northern Maryland.

When the organization's lease was ending at their location for the past nearly five years, Karen began seeking other options. She contacted Susan Paul, Personal Care Home Administrator at Landis Home. Within a day, she heard from Director of Campus Services Adam Gardner about the availability of space in Leaman Place, a converted cottage now serving as office space. It has the added perk of an enclosed dog park attached to it.

*KPETS founder Karen Gerth and her dog Kody, along with Landis Homes Director of Campus Services Adam Gardner, pose outside the dog park at Landis Homes, where the KPETS organization will be moving Feb. 1.*

Part of the KPETS rental agreement is providing dedicated hours each month in serving residents, team members, and others on the Landis Homes campus.

Karen relates. "This was something I always felt would be a good fit for KPETS – to have the KPETS 'home' be on location somewhere where we can connect and make a difference."

Adam Gardner comments, "As a dog owner myself, I see the value of pets and how they can make a difference in the lives

of people in so many ways. We are excited to bring KPETS to the Landis Homes campus and look forward to their becoming part of the community here." For more information on KPETS go to <https://kpets.org/>

## Volunteer Services

### News from Volunteer Services

*Kathy Hohenadel, Volunteer Services Assistant*

As we start 2022, the staff of the Volunteer Services Offices looks forward to a great year. We know that COVID-19 will continue to impact our daily routines, but it does not need to color our outlook. We see a rosy future with more volunteers actively serving as we slowly begin to expand our volunteer opportunities and to add some non-resident volunteers back. Many thanks to our volunteers for supporting this department and the mission of Landis Homes as we navigated uncharted territory. Your service is greatly appreciated!

**Volunteer Openings** — A number of opportunities are available. New protocols are in place due to COVID-19. For more details on the requirements of volunteering or to express an interest in one or more of the volunteer openings listed, please call the Volunteer Services Office at 717-509-5409\*.

**Residential Living**—General Store: cashiers; substitute cashiers; substitute shoppers

**Personal Care and Healthcare**— Help with wheelchair transport to the hair salons, Exercise Room, or Life Enrichment activities. Regular and substitute openings exist.

## Advancement

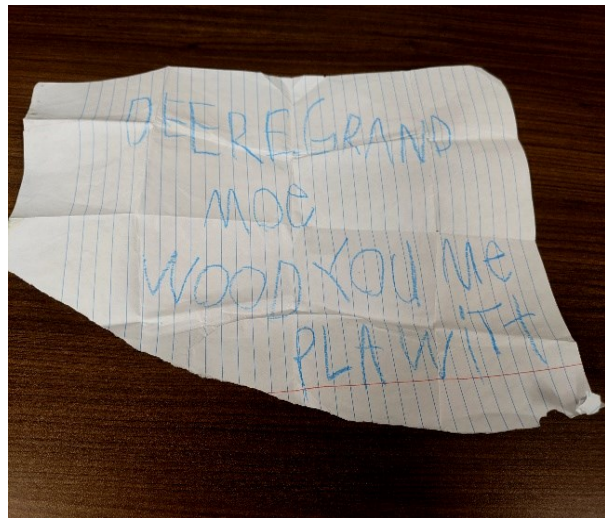

### Special Gifts

Melissa Kalicicki, Annual Gifts Officer

Giving and receiving gifts creates some of the best memories. There are times when a particular gift hits you right in the heart. When I asked Ronald, team member, and Ruby, resident and team member, about the gifts that they remember the most, this is what they shared:

*“Obviously, being married and having children and grandchildren are my top memories. But one gift that stuck with me as being memorable was that when I was 16, an uncle on my dad’s side gave me a car. It wasn’t a brand new car—it was definitely used—but it was pretty special to be 16 and have a car to drive.”* – Ronald Wolfe

*“My grandchildren wrote me a note in blue crayon and asked me, ‘Would you play with me?’”*  
– Ruby Wenger

In this month of **love**, you have the opportunity to give a lasting, memorable gift with a donation to the Caring Fund Endowment. While the Caring Fund provides for a resident now, the Caring Fund Endowment provides for generations of residents to come.

**Giving to the Caring Fund Endowment in honor of a loved one, team member, or volunteer is just one more way of saying, “You are important to me,” to someone who might need to hear it.**

Want to share a special story in your own words? Have a question? Call the Advancement Office at (717) 509-5490 or email Melissa at [mkalicicki@landishomes.org](mailto:mkalicicki@landishomes.org).

### Your Generosity Brought Joy!

Melissa Kalicicki, Annual Gifts Officer

We are excited and happy to say that you helped raise approximately 257 days of care for a resident who needs financial assistance through your calendar year-end giving! **Thank you!**

In the past year, 54 residents benefitted from the Caring Fund. Your giving provided continued high-quality, loving care even after their finances have been depleted. **THANK YOU** for being a safety net for those within our community!

### No Longer Alone Family Support Group

The monthly meeting will be held Sunday, February 27 from 3:00-5:00 pm by Zoom. The guest speaker for February will be Dr. John Shand, Psychiatrist at Wellspan Ephrata.

His presentation on “*Abuse and Its Effect upon Mental Health*” will be followed by a time of sharing.

The monthly meetings provide a place for those who have a loved one living with mental illness to learn and share their experiences. For information on joining the Zoom meeting or to receive a monthly meeting reminder, call 717-381-3599 or email [JAlbright@landis.org](mailto:JAlbright@landis.org) by noon on Friday, February 25.

### Welsh Mountain Home Donation

*Mona Frey, Executive Director of WMH*

In January, Welsh Mountain Home was blessed with the donation of a wheelchair-accessible minivan from Linus and Ellen Shirk. The timing couldn't have been more perfect. We currently have only one vehicle to transport residents to specialist appointments or run errands on their behalf, since we haven't taken residents on shopping trips since the start of the pandemic. Only God could've timed this donation so perfectly. We are so grateful to HIM and to the Shirk's for this donation.

### Construction Progresses at Landis Place on King

Check out the exciting progress at the Landis Place on King construction site. The foundation is advancing as materials are put in place for our age 55+ apartments at 239 West King Street.
